

Whole-House High Efficiency Electronic Air Cleaners

A Healthy Addition To Your Indoor Air Comfort System

- Removes irritating airborne allergens. A must for allergy or asthma sufferers.
- Households with pets, or noticeable cooking / tobacco odours, will find a dramatic difference in air quality.
- Housekeeping time and redecorating costs will be significantly reduced.
- Protects and prolongs operating efficiency of heating and cooling equipment.
- Indoor Air Quality will be fresher and more comfortable, year-round.

SAS Series

ElectroAir

* Lifetime Filter System * Environmentally-Friendly
* Easy To Maintain * Economical * Silent Operation * User-Friendly

A Generation Of Superior Electronic Air Cleaning Technology

Concerned About The Air You Breathe?

Considering that you spend about 90% of your time indoors, breathing in 16,000 quarts of air each day, which may be 20-70 times more polluted than outdoor air... you should be concerned!

Some of these airborne contaminants naturally infiltrate our home like pollen, mold, fungi, bacteria, viruses, dust and mites. While other sources are generated by our lifestyles and activities within our home, like tobacco, wood or cooking smoke, pet dander, insecticides, toxins emitted from personal care products, household cleaners or hobbies.

The cumulative effect of these sources can pose a risk to our health, especially the young, elderly and chronically ill. Whether the effects are short or long ranging, they can include symptoms like irritation of the eyes, nose, and throat, headaches, dizziness, fatigue, tightness of chest, shortness of breath and even colds or flu.

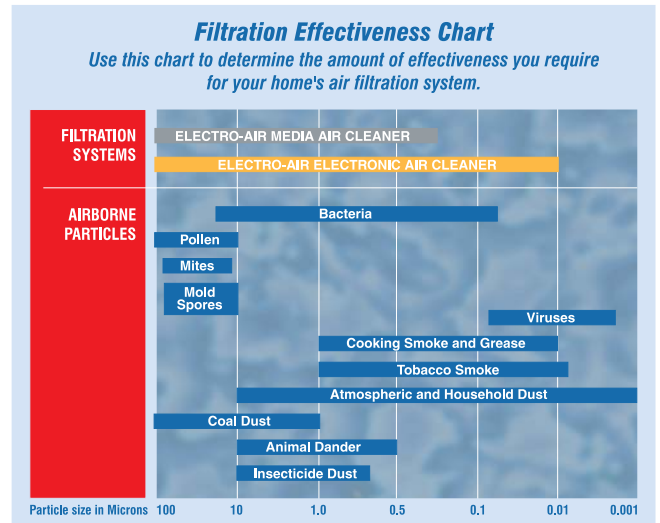

And even if you're not immediately affected, it's the smallest pollutants that are inhaled and retained deep in the lungs, which may result in respiratory problems after years of repeated exposure.

Specifications

Model	SAS-10	SAS-11	SAS-12	SAS-18
Unit Weight	28 lbs 12.9 kg	30 lbs 13.5 kg	33 lbs 15.3 kg	38 lbs 17.5 kg
Input Voltage	120 V 60 Hz 230 V 50 Hz	120 V 60 Hz 230 V 50 Hz	120 V 60 Hz 230 V 50 Hz	120 V 60 Hz 230 V 50 Hz
Power Consumption	30 Watts	30 Watts	30 Watts	30 Watts
Options Available	C= Carbon Filters AS= Air Switch	C= Carbon Filters AS= Air Switch	C= Carbon Filters AS= Air Switch	C= Carbon Filters AS= Air Switch
House Size	<2400 sq.ft. <222.96 m ²	<3000 sq.ft. <278.70 m ²	2400 - 3000 sq.ft. 222.96 - 278.70 m ²	>3000 sq.ft. >278.70 m ²
Air Flow	up to 1200 CFM up to 2039 m ³ /hr	up to 1400 CFM up to 2379 m ³ /hr	up to 1400 CFM up to 2379 m ³ /hr	up to 2000 CFM up to 3398 m ³ /hr

Take Complete Control Over Your Home's Indoor Air Comfort System.

- Electronically removes airborne contaminants as small as .01 micron (1/2,540,000 of an inch).
- Environmentally-Friendly, Lifetime Filter System never needs replacing. Simply washes clean, so you save money.
- Superior Capture Efficiency. Has more effective filtration area than any disposable type air filter.
- Free Air Flow Movement. No matter how dirty the electronic filter gets, it will not build up harmful static pressure, unlike disposable filters.
- Activated Carbon VOC Filters (optional) remove unpleasant odours.
- Electronic Air Proving Switch (optional) cycles Air Cleaner ON/OFF with system fan.
- Dual Indicator Lights show Air Cleaner is operating at a glance.

Manufacturer reserves the right to discontinue or change at any time, specifications or designs without notice or without incurring obligations.

Performance of the Air Cleaners will depend on house plan design, duct design and heating/cooling equipment.
